Guided trekking through the estate

This is a tour of the estate, starting with an area of indigenous grapes vineyards where both young and old vineyards are found. Next, we pass through an area of fruit trees and the orchard that supplies the Restaurant.

After that, we enter the Serres Velles forest, which is a white pine forest with a lot of aromatic herbs such as thyme and rosemary.

We will find a dry stone hut and an old lime oven. Once we leave the forest, we will reach a Picnic area with panoramic views where we will take a short break. We then continue along the path to the Ermita de Sant Andreu ruins, crossing some fields in the process of plantation, arriving at La Barraca de La Peona which is a dry stone hut located in the centre of our estate. We follow the route to the viewpoint of La Ermita de Sant Andreu, where we will enjoy a toast in its ruins.

After this power stop, we take the path to the Font Rubí water tank with panoramic views of Montserrat. We continue towards the iconic Sumoll vineyard in vertical training. Once we have finished this circular route, we return to the MontRubí's Villa.

Duration: 2.5 hours

Difficulty: easy hiking

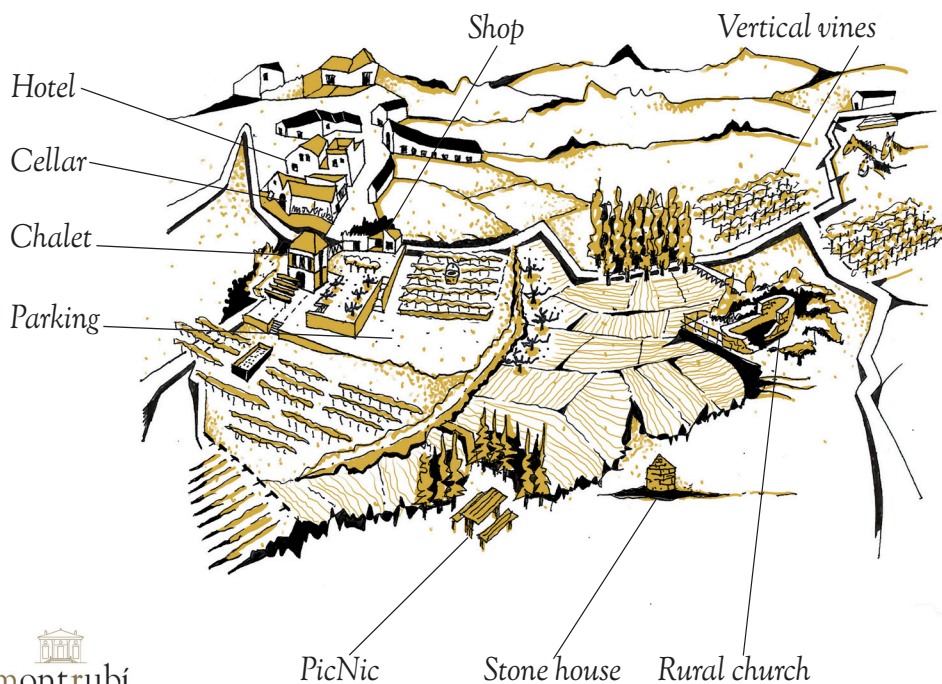

Schedule: 9:00 - 11:30h

Price: 22€/person
